#### Teacher Comments From BCP Online Training (15hrs)

- *Thanks for empowering us to enrich the lives of hundreds and thousands of lives of learners especially the lives of those with special needs who are so often forgotten.*
- *Thank you so much for including the Grade R practitioners in this programme. We learned a lot and can now give some advice to other teachers.*
- *Thank you for the opportunity to be part of the BCP.*
- *Excellent and very helpful it will definitely help a lot in the classroom.*
- *The program is always exciting and one does not easily get bored.*
- *Very grateful for the session it helps a lot.*
- *Thank you for assisting us in learning more about the basic concepts. It is very helpful for me. Now I can teach better and I understand each child in different ways.*
- *Thank you for the hard work that you put in to compile this training and for encouraging Gr R Practitioners to broaden their knowledge on how to help each child holistically.*
- *The Basic Concepts Programme helps a lot in developing learners' concentration and memory.*
- *Very interesting, to learn more abstract thinking skills.*
- *BCP helps me to introspect and work on my faults. Improving my interaction with my learners.*
- *Very good programme. It helps the learners who need intervention. It makes them good communicators, gives them self-confidence, and makes them think.*
- *The BCP makes it easier to even plan other lessons for my learners, it's really helpful.*
- *Good explication and use of materials.*

- *Thank you for this opportunity to receive new ideas to introduce very important mathematical concepts such as operational symbols. Keep doing good. 😊*
- *This training helps me as a teacher to implement the basic concepts with the kids.*
- *I really enjoy the programme. My colleague and I are already working on how to implement content in our work!*
- *I found this Basic Concept Programme very informative and helpful. As a Grade R Practitioner, I used to introduce a new concept with only 3 steps, and maybe that's why some learners were struggling to understand or to learn. Thank you for choosing me to be a part of the program. I can't wait to apply my new knowledge.*
- *The trainer is very good and makes the session very interesting and enjoyable thank you.*
- *I really enjoyed the sessions as it helps me a lot in my classroom. Thank you to the organizers for this workshop. Thank you for encouraging us and teaching us new things, as one is never too old to learn new things.*
- *It was very interesting I just realise how important the Basic Concept Programmer is for a Grade R learner.*
- *With the knowledge, I gained I can improve my teaching skills. I really appreciate every effort to teach us.*
- *Basic Concepts are the best ever and the most effective way of introducing concepts to learners. I have learned a lot during this year... Keep up the good work. 🙏*
- *I've been working with my learners and as I go on I could see that they and I have learned a lot about basic concepts. I thank you.*
- *Thank you for everything, every aspect of the training was very helpful.*
- *The session was very helpful and interesting, everything was clear which will help me with my journey as an educator and plays an important role in the learners' development of skills. I thank you, my trainer.*
