The Meditational Teacher

Building Trust – Sparking Joy: The BCF Way!

Human mediators connect and engage in a deeply personal way, providing stimuli that invite others to respond in equally meaningful and varied ways. We refer to this mediational interaction as 'serve and return,' which forms the foundation of all mediated learning encounters.

4

TEACHER QUOTES

"The learners benefited from the programme. It increased their vocabulary, cognitive development, and their ability to think, reason and understand the world around them."

"Basic Concepts helps me with an in-depth lesson plan and how to teach concepts to learners by breaking it up to get to the fine details. Everyone is eager to speak in the classroom now."

"They really enjoyed the Basic Concepts box — they call it our mind booster!"

We are not just teaching lessons — we are helping children think, reason, and communicate more effectively.

🎵 “Da Basic Concepts Way”

We match and compare, we talk and we play,
We teach the kids thinkin’ — da Basic Concepts way!

From big and small to thick and thin,
The kinders all shout, “Miss, I can think again!”

We sort and we seriate, ja, we do it with flair,
We build da vocab — it’s all happenin’ there!

Now every laaitie’s got somethin’ to say,
’Cause we’re all mediators — that’s da Cape Town way!
