Subject: Northern Cape - Basic Concept Programme in 4 districts

Dr Benjamin

Our conversation in Upington on 15 August 2017 has reference.

We propose that 350 Grade R practitioners and 2 Frances Baard officials as well as 1 official in ZFM districts be trained in Basic Concepts as from 2018.

The numbers are as follows in each district

Frances Baard - 100 practitioners from different schools
John Taolo Gaetsewe - 100 practitioners
Pixley Ka Seme - 80 practitioners
Z F McGawu - 70 practitioners.

The criteria of selecting the practitioners will be as follows

1. Practitioners who are qualified - BEd & NPDE
2. Practitioners who will be qualified in Diploma in Grade R teaching as well as BEd and NPDE end of 2017 beginning of 2018.
3. Practitioners who have ECD NQF Level 5 and are not studying for any qualification in 2018.

We are also requesting that you look at training 20 Reading Assistant in Frances Baard to implement Basic concept as a pilot in Grade 1.

Our request is that you should make a presentation for the Chief Directorate : Curriculum on the impact of Basic Concept in Namakwa as we have discussed.

We are looking forward to the implementation of Basic Concept in the 4 district.

Please feel free have further discussions with me in this regard.

Kind regards

Palesa Thulo
